"Pape's Diapepsin," by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress—Costs so little at drug stores.

RESERVATIONS BY LODGE NULLIFIERS

THE PRESIDENT IS STRONGLY
OPPOSED TO CHANGE IN
COVENANT OF LEAGUE.

VERY HEART IS THREATENED

No Escaping the Moral Obligations
Which Are Expressed in Positive
Terms in Article Ten.

Washington.—President Wilson re-stated for democratic senators his opposition to any peace treaty reservations which would weaken the full force of article 10 or otherwise materially impair the provisions of the league covenant.

Without saying specifically what qualification he would or would not accept, he wrote a letter to Senator Hitchcock, the administration leader, that almost all of the reservations he had heard suggested were "in effect virtual nullifications" of the treaty articles to which they applied.

"I hear of reservationists and mild reservationists," the letter added, but I cannot understand the difference between a nullifier and a mild nullifier."

Discussing article 10 particularly, the President wrote that there was "no escaping the moral obligations which are expressed in positive terms in this article," though there could be no objection to explaining in an interpretation the constitutional methods by which such an obligation would have to be fulfilled. The "very heart" of the covenant, he reiterated, would be imperilled by weakening article 10.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back
Hurts or Bladder
Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

WANTS GOVERNMENT TO BUY UP LIQUOR

60,000,000 GALLONS WHISKEY ARE
STILL IN GOVERNMENT BOND-
ED WAREHOUSES.

IT WOULD AVOID TEMPTATION

After Purchase, the Stuff Should be at
Once Converted into Denatured
Alcohol to Supply Demand.

Westerville, Ohio.—Purchase by the federal government of all liquor stocks in bond is urged by the Anti-Saloon league in a statement issued here at the league's national headquarters by Ernest H. Cherrington, secretary of the league's executive committee. The statement says:

"Now that prohibition has gone into effect everything which the government can do to make it easy to enforce the law should be done."

"With over 60,000,000 gallons of whiskey in bonded warehouses there is a constant temptation to devise ways and means of utilizing that liquor in spite of the law."

"The government of the United States should purchase that whiskey at a price to be fixed by a federal commission, which price should represent the actual cost of producing it. Upon purchasing the whiskey the government should convert promptly into denatured alcohol for which there is an ever increasing demand."

"By such an arrangement the distillers will get all they actually have invested in the whiskey. The greatest temptation to break the prohibitory law will be removed. The incentive to spend vast sums of money to secure repeal of prohibition or a serious modification of the law will be eliminated."

Washington.—In accepting with "great regret" the resignation of Daniel C. Roper as commissioner of internal revenue, President Wilson told Mr. Roper in a letter that he appreciated his services to the government "for many years in difficult positions and always with distinction."

Commissioner Roper based his resignation, his letter to the President on a desire to "re-enter private life to pursue my personal plans."
